

PROGRAM

WEDNESDAY 25th

Room NEFERTITI

PAIRS I

09h00 – 10h30

(English session with French translation)

Neuro interventional I

1/ Unruptured Brain AVM, the endovascular dilemma

J. Moret (France)

2/ Endovascular treatment of intra cranial aneurysms: New perspectives and critical analysis

J. Moret (France)

BREAK

10h30 – 11h00

PAIRS II

11h00 – 12h30

(English session with French translation)

Liver interventional

1/Radioembolisation of hepatocellular carcinoma (HCC) patients using yttrium-90 labelled microspheres

Y. Rolland (France)

2/ Radioembolisation of intrahepatic cholangiocarcinoma (ICC) patients using yttrium-90 labelled microspheres

Y. Rolland (France)

3/ Embolotherapy in liver cancer

Sh. Abbas (Lebanon)

4/ Interventional radiology in colorectal hepatic metastasis.

Kh. Hamza (Tunisia)

SYMPOSIUM WORK-SHOPS: SIEMENS

12h45 – 13h45

PAIRS III

15h00 – 16h30

(English session with French translation)

- | | |
|---|----------------------------|
| 1/ Hemoptysis management : from CT Angiography to embolization. | H. Rajhi (Tunisia) |
| 2/ Interventional and diagnostic radiology : Role in war injuries | M. Al Jared (Saudi Arabia) |
| 3/ Interventional radiology in the treatment of biliary benign stenosis | Kh. Hamza (Tunisia) |

BREAK

16h30 – 17h00

PAIRS IV

17h00 – 18h30

(English session with French translation)

- | | |
|--|--------------------------------------|
| 1/ Renal denervation | M. Di Primio, M. Sapoval (France) |
| 2/ Post transplant, liver or renal, complication : Interventional management | M. Al Jared (Saudi Arabia) |
| 3/ Place of embolization in renal angioliomas (About 1 case). | F. Laamrani, A. El Quessar (Morocco) |
| 4/ Embolisation for large fibroid : Our experience in Saudi Arabia | B. Aldhafery (Saudi Arabia) |

THURSDAY 26TH

Room NEFERTITI

Cardiac I

9h00 – 10h30

(English session with French translation)

Cardiac MRI : Myocarditis, cardiomyopathies and constrictive pericarditis.

- | | |
|--|----------------------|
| 1/ Technical tips and interpretation of delayed enhancement | H. Mizouni (Tunisia) |
| 2/ Myocarditis | A. Rahmouni (France) |
| 3/ Non ischemic cardiomyopathy and constrictive pericarditis | J.N. Dacher (France) |
| 4/ Discussion | |

BREAK

10h30 – 11h00

Genito-urinary I

11h00 – 12h30

(English session with French translation)

- | | |
|--|-----------------------|
| 1/ Diffusion weighted (DW) MRI of the kidney and urinary tract | T. Eldiasty (Egypt) |
| 2/ Contrast – enhanced US of the kidney | J.M. Corr as (France) |
| 3/ Transrectal quantitative Shear Wave Elastography : application to prostate cancer | J.M. Corr as (France) |
| 4/ Imaging in kidney transplantation : an update | T. Eldiasty (Egypt) |

SYMPOSIUM WORK-SHOPS: GE HEALTHCARE

12h45 – 13h45

How to optimise enhancement and minimise risk using isosmolar iodixanol

Dr Mark Downs (Kent & Canterbury Hospital)

Dr Levent Ture (GE Healthcare)

Genito-urinary II

15h00 – 16h30

(English session with French translation)

- 1/ Benign renal masses and renal pseudotumors T. Eldiasty (Egypt)
- 2/ Infections renal pseudotumors I. Marzouk, L. Hendaoui (Tunisia)
- 3/ Radiofrequency ablation of renal tumors : tips and tricks after 400 procedures J.M. Corr as (France)
- 4/ Embolization of angiomyolipomas J.M. Corr as (France)

BREAK

16h30 – 17h00

Research II

17h00 – 17h30

(French session with English translation)

- Cartilage imaging : morphological versus quantitative imaging B. Vande Berg (Belgium)

Iatrogenicity

17h30 – 18h30

(French session with English translation)

- Is musculoskeletal imaging unsafe ? G. Morvan (France)

Room CESAR

PAIRS V

09h00 – 10h30

(French session)

Spine interventional

- 1/ Spinal infiltration M. Ben Hamouda (Tunisia)
- 2/ Vertebroplasty : state of the art M. Chelli (Tunisia)
- 3/ Treatment of vertebral hemangioma : what the interventional radiologist can do ? H. Rajhi (Tunisia)

BREAK

10h30 – 11h00

PAIRS VI

(French session)

11h00 – 12h30

Neuro interventional II

- 1/ Intracranial aneurysms : experience of the National Institute of Neurology N. Hammami (Tunisia)
- 2/ Management of unruptured intra cranial aneurysms.
Z. Jamaelledine, A. El Quessar (Morocco)
- 3/ Terson syndrom Z. Jamaelledine, A. El Quessar (Morocco)
- 4/ Spontaneous healing of intracranial dural fistula R. Labbioui, A El Quessar (Morocco)

PARIS VII

(French session)

15h00 – 16h30

Peripheral vessels interventional

- 1/ Management of vascular mal formations R. Abid (Tunisia)
- 2/ Treatment of peripheral vascular malformation (PVM): A new concept of low pressure sclerotherapy (LPS)
Kh. Hamza (Tunisia)
- 3/ Peripheral arteries intervention in critical limb ischemia Kh. Hamza (Tunisia)

BREAK

16h30 – 17h00

PAIRS VIII

(French session)

17h00 – 18h30

Breast and chest interventional

- 1/ The impact of interventional senology in surgical management of infra-clinical lesions
Ab. Bendib, MH. Mekhilef (Algeria)
- 2/ Breast macro-biopsies : techniques, indications and results I. Mila, M. Boubrit (Algeria)
- 3/ Stereotactic macrobiopsy in evaluating mammogram abnormalities, a study of 130 cases
MH. Mekhilef, Ab. Bendib (Algeria)
- 4/ CT thoracic biopsy : About 50 cases MS. Toukal, A. Fergani (Algeria)
- 5/ CT guided transthoracic biopsy : witch route to choose ? Clinical cases
M. Chaabouni, R. Mkaouar (Tunisia)

Room LUXOR

Training

09h00 – 10h30

(French session)

- | | |
|--|-----------------------|
| 1/ Training in radiology (medical studies, residency) in Tunisia | H. Daghfous (Tunisia) |
| 2/ Training of radiologist in Algeria | N. Bendib (Algeria) |
| 3/ Training in radiology at the American University of Beyrouth | M. Haddad (Lebanon) |
| 4/ E – imaging | E. Dion (France) |

BREAK

10h30 – 11h00

Cardiac II

11h00 – 12h30

(French session)

CT scan an MRI in the acute coronary syndrome

- | | |
|---|----------------------|
| 1/ Cardio-thoracic CT scan : role in the emergency department ? | J.N. Dacher (France) |
| 2/ MRI in the acute coronary syndrome | H. Mizouni (Tunisia) |

Research I

15h00 – 16h30

(French session)

Whole body MRI

- | | |
|---|----------------------|
| 1/ Technical requirements for whole body MR imaging | A. Rahmouni (France) |
| 2/ Dynamic contrast enhanced whole body MR imaging in patients with myeloma | A. Rahmouni (France) |
| 3/ Whole body diffusion – weighted MR imaging in patients with lymphoma | A. Rahmouni (France) |

BREAK

16h30 – 17h00

Genitor-urinary III

17h00 – 18h30

(French session)

- | | |
|--|--------------------------------------|
| Workshop : Uterine artery embolisation in postpartum haemorrhage | L. Ben Farhat, L. Hendaoui (Tunisia) |
|--|--------------------------------------|

FRIDAY 27TH

Room NEFERTITI

Musculoskeletal I

09h00 – 10h30

(English session with French translation)

Knee

- 1/ Knee MR imaging : Normal variants and incidental findings
- 2/ Meniscal injuries of the knee
- 3/ MRI of ligament injuries
- 4/ Synovial tumors and pseudo-tumors of the knee

B. Vande Berg (Belgium)
B. Vande Berg (Belgium)
E. Dion (France)
M. Chelli (Tunisia)

BREAK

10h30 – 11h00

Musculoskeletal II

11h00 – 12h30

(English session with French translation)

Hip

- 1/ MR imaging of femoral head edema
- 2/ Femoral head osteonecrosis : where do we stand in 2012 ?
- 3/ Hip ultrasonography

B. Vande Berg (Belgium)
B. Vande Berg (Belgium)
G. Morvan (France)

SYMPOSIUM WORK-SHOPS: TOSHIBA

12h45 – 13h45

Radiation protection

15h00 – 16h30

(English session with French translation)

- 1/ Are patients and staff in radiology safer today than 40 years ago?
- 2/ IAEA smart card for radiation exposure history
- 3/ Radiation and cataract : a new challenge

M. Rehani (Austria)
M. Rehani (Austria)
M. Rehani (Austria)

BREAK

16h30 – 17h00

Neuro I

(French session with English translation)

17h00 – 18h30

Hypophysis and para-sellar region

- | | |
|---|------------------------|
| 1/ Tricks and traps in pituitary imaging | F. Bonneville (France) |
| 2/ Original approach to cavernous sinus lesions | F. Bonneville (France) |
| 3/ MRI findings in central diabetes insipidus | S. Nagi (Tunisia) |

Room CESAR

Breast I

(French session)

09h00 – 10h30

Breast MRI

- | | |
|----------------------------|--|
| 1/ Current recommendations | C. Balu-Maestro (France) |
| 2/ Semiology | R. Ben Naceur, N.Mnif (Tunisia) |
| 3/ Clinical cases | D. Hafsia, C. Balu-Maestro (Tunisia, France) |

BREAK

10h30 – 11h00

Breast II

(French session)

11h00 – 12h30

- | | |
|---|---|
| 1/ Imaging local breast cancer recurrence | C. Balu-Maestro (France) |
| 2/ Cancers of interval | L. Kribi (Tunisia) |
| 3/ New techniques in breast imaging | C. Balu-Maestro (France) |
| 4/ Clinical cases | S. Mezghani, S. Kchaou, M. Chaabene (Tunisia) |

Abdominal and gastro-intestinal I

(French session)

15h00 – 16h30

- | | |
|---|--------------------------|
| 1/ New imaging of bowel in Crohn's disease | H. Ben Romdhane (France) |
| 2/ Fistulising Crohn's disease: Imaging | H. Ben Romdhane (France) |
| 3/ Mesenteric panniculitis : Imaging review | H. Ben Romdhane (France) |

BREAK**16h30 – 17h00****Abdominal and gastro-intestinal II****17h00 – 18h30**

(French session)

- 1/ Imaging of cystic lesions of the pancreas
- 2/ Focal hepatic lesions : Imaging diagnosis
- 3/ Place of doppler untrasound in portal hypertension
- 4/ Imaging of cholangio-carcinoma

H. Zaghouani, Ch. Kraiem (Tunisia)
W. Mnari, M. Golli (Tunisia)
N. krim, M. Boubrit (Algeria)
A. Daghfous, L. Rezgui (Tunisia)

Room LUXOR**Head and neck I****09h00 – 10h30**

(French session)

Base of the skull and the temporal bone

- 1/ Radiological anatomy of the skull base and extension pathway
- 2/ Temporal bone trauma
- 3/ Otosclerosis

E. Menif (Tunisia)
Ch. Chammakhi (Tunisia)
E. Menif (Tunisia)

BREAK**10h30 – 11h00****Head and neck II / Neuro****11h00 – 12h30**

(French session)

- 1/ Diagnostic imaging of peripheral vertigo
- 2/ Diagnostic imaging of central vertigo
- 3/ Multimodal imaging of cerebellopontine angle lesions

E. Menif (Tunisia)
S. Nagi (Tunisia)
F. Bonneville (France)

Musculoskeletal III

17h00 – 18h30

(French session)

Pelvis and spinal alignment

1/ Pelvis and spinal alignment : Technique. Normal balance and variations

G. Morvan (France)

2/ Pelvis and spinal alignment: Pathology

G. Morvan (France)

3/ Pelvis and spinal alignment: Pre and postoperative problems

G. Morvan (France)

BREAK

16h30 – 17h00

Musculoskeletal IV

15h00 – 16h30

(French session)

Spine imaging

1/ Infections

E. Dion (France)

2/ Lumbar stenosis

E. Dion (France)

3/ Primitive tumors

H. Rajhi (Tunisia)

SATURDAY 28TH

Room NEFERTITI

Neuro II

09h00 – 10h30

(English session with French translation)

- | | |
|---|-----------------|
| 1/ Toxic encephalopathies | A. Osborn (USA) |
| 2/ Metabolic disorders and the brain | A. Osborn (USA) |
| 3/ Brain trauma : New concepts and approaches to an old topic | A. Osborn (USA) |

BREAK

10h30 – 11h00

Neuro III

10h30 – 11h00

(English session with French translation)

- | | |
|---|-------------------------------------|
| 1/ Teaching cases | A. Osborn (USA) |
| 2/ MRI findings in pyogenic brain abscess | C. Drissi, M. Ben Hamouda (Tunisia) |
| 3/ Comparison of radiological diagnosis of CNS tumors to confirmed histopathology | Kh. Sherlala (England) |

SYMPOSIUM WORK-SHOPS: GUERBET

12h45 – 13h45

Diagnostic efficiency and tolerance of the DOTAREM in patients at the risk

Pr E. DEKERVILER, Pr G. DERAY (Paris)

Pediatric II

15h00 – 16h30

(English session with French translation)

- | | |
|---|----------------------------------|
| 1/ Tips and tricks in pediatric radiology | S. Neuenschwander (France) |
| 2/ Malignant tumors in adolescents. | S. Neuenschwander (France) |
| 3/ Renal neoplasms in children | H. Louati, I. Bellagha (Tunisia) |

BREAK**16h30 – 17h00****Chest III****17h00 – 18h30**

(English session with French translation)

- 1/ How I do my thoracic MDCT – scan report for initial staging of lung cancer ? A. Khalil (France)
- 2/ How I do my MDCT – angiography report of patients with massive hemoptysis ? A. Khalil (France)

Room CESAR**Abdominal and gastro-intestinal III****09h00 – 10h30**

(French session)

Abdominal emergencies

- 1/ Imaging of extrauterine pregnancy O. Kacim, N.Chikhaoui (Morocco)
- 2/ Imaging of bowel obstruction S. Haddar, J. Menif (Tunisia)
- 3/ Imaging of appendicitis R. Saichi, Ab. Bendib (Algeria)
- 4/ Mesenteric ischemia : Imaging diagnosis R. Saichi, Ab. Bendib (Algeria)

BREAK**10h30 – 11h00****Pediatric I****11h00 – 12h30**

(French session)

Urinary

- 1/ MR urography (MRU) in paediatrics M. Claudon (France)
- 2/ The place of functional MRU for the determination of the split renal function in urinary obstruction.
M. Claudon (France)
- 3/ What is left to US urinary tract in children ? W. Douira (Tunisia)

Neuro IV

(French session)

15h00 – 16h30

Neuro-vascular

- 1/ MRI of the arterial wall J.F. Meder (France)
- 2/ 4-D Angio MR imaging technique applied to brain vascular disorders J.F. Meder (France)
- 3/ The use of 3D-TRICKS in the diagnostic work-up of brain arterio-venous malformations J.F. Meder (France)

BREAK

16h30 – 17h00

Neuro V

(French session)

17h00 – 18h30

- 1/ Childhood white matter diseases : MR imaging approach K. Tlili (Tunisia)
- 2/ Surgical treatment of epilepsy role of MRI F. Kessasi, B. Mansouri (Algeria)
- 3/ Cerebro-vascular pathologies in north Africa N. Boukhrissi (Morocco)

Room LUXOR

Chest I

(French session)

09h00 – 10h30

Chest emergencies

- 1/ Imaging of pulmonary embolism in 2012 A. Daghfous, L. Rezgui (Tunisia)
- 2/ Thoracic emergencies in pediatrics H. Louati, I. Bellagha (Tunisia)
- 3/ Imaging of mediastinitis K. Bouzaidi (Tunisia)
- 4/ Imaging of aortic dissection Ch. Chammakhi (Tunisia)

BREAK

10h30 – 11h00

Abdominal and gastro-intestinal IV

(French session)

11h00 – 12h30

MRI

- 1/ Diffusion MRI and liver nodules
- 2/ Entero-MRI and MICI
- 3/ MRI and rectal cancer
- 4/ Dynamic MR imaging of the pelvic floor

A. Daghfous, L. Rezgui (Tunisia)
C. Chammakhi (Tunisia)
A. Daghfous, L. Rezgui (Tunisia)
S. Mezghenni (Tunisia)

Chest II

(French session)

15h00 – 16h30

- 1/ Management of ground glass opacities
- 2/ MRI and lung cancer
- 3/ Mediastinal masses : diagnostic approach

H. Fourati, Z. Mnif Ayedi (Tunisia)
A. Khalil (France)
S. Jerbi (Tunisia)

BREAK

16h30 – 17h00

Quality management

(French session)

17h00 – 17h45

- 1/ Quality management : experience of the service of radiology of Kassab Institute MF. Ladeb (Tunisia)
- 2/ The program of quality management in imaging : the tunisian reference framework MF. Ladeb (Tunisia)
- 3/ Quality control : in medical imaging equipment F. Ammous, M. Ben Arbia (Tunisia)

Telemedicine

(French session)

17h45 – 18h30

- 1/ Telemedicine applications : experience of arab countries A. El Matri (Tunisia)
- 2/ Tele radiology : experience of Kassab Institute MF. Ladeb (Tunisia)
